

EPRHA Green Reiner Program:

An Eastern Plains Reining Horse Association (EPRHA) point program designed to encourage the beginning reiner to test the sport of reining in a non-competitive atmosphere with the benefit of earning an achievement award after the accumulation of 80 points.

Terms:

All points scored above a "60" are added to an individual's account from each EPRHA and/or EPRHA/NRHA circuit class entered. EPRHA will keep a running total of points until such time the required 80 points (or more) are attained. The Green Reiner will then be eligible for their "achievement award", which will be awarded at the end that year's show season, and the rider is no longer eligible to enter the Green Reiner class.

Those choosing to ride for the Green Reiner achievement award are required to submit their application to the EPRHA show office **prior** to showing in any class to be applied towards their Green Reiner point accumulation. (If you were a competitor in the Green Reiner class in 2009 and did not fill out an application for the Green Reiner Program we will honor points earned in 2009.)

Conditions:

- Current member of EPRHA
- Non-pro rider who has not won more \$100 lifetime earnings
- Does not have to own the horse they are riding
- One (1) or 2 handed any legal bit

Application:

I, _____, wish to enter the Green Reiner challenge. I have read the terms and conditions above and by signing this application testify that I in fact qualify for the Green Reiner program.
